ABOUT OUR COMPANY

Burj Al Aweer Group of Companies is a UAE-based manpower company supporting construction and industrial projects with workforce supply and deployment. With more than 7 years of experience and a manpower capacity of 1,000+, we aim to help clients meet project schedules through dependable, practical and responsive manpower solutions.

OUR MISSION

To connect project teams with capable workers and provide responsive manpower support that contributes to safe, efficient and timely project delivery.

OUR APPROACH

Reliable Mobilization Workforce coordination aligned with project requirements.	Flexible Supply Support for short-term needs and longer project deployments.
Clear Coordination Communication with clients and site teams throughout deployment.	Quality Focus Emphasis on readiness, professionalism and site requirements.

OUR MANPOWER SERVICES

- **Construction Trades** — Concrete carpenters, shuttering carpenters, steel fixers, masons and other site trades as required.
- **General Workforce** — Helpers and general workers to support site activities and daily operations.
- **Project Mobilization** — Manpower planning and deployment coordination based on client demand.
- **Flexible Workforce Support** — Scalable manpower support for project peaks, ongoing works and longer assignments.
- **Site & Documentation Coordination** — Coordination of worker details and deployment requirements in line with client/site processes.

WORKFORCE CAPABILITIES

We support clients by helping source and coordinate manpower across common construction and industrial job categories. Specific trades, quantities, timelines and deployment arrangements can be aligned with each project's requirements.

MANPOWER CATEGORY	SUPPORT SCOPE
Carpentry	Concrete carpenters and shuttering carpenters for formwork-related site activities.
Steel Fixing	Steel fixers for reinforcement-related work as required by the project.
Masonry	Masons for general masonry and construction tasks.
Helpers & General Workers	General site support and material-handling assistance.
Other Project Roles	Additional workforce categories subject to project requirements and availability.

OUR COMMITMENTS

Safety Awareness: Respect client site rules, induction processes and required PPE.

Timely Coordination: Work closely with client teams to coordinate deployment and workforce needs.

Professional Conduct: Promote responsible workplace behaviour and clear communication.

Responsive Service: Support changing project requirements with practical coordination.

Our deployment arrangements are confirmed according to project scope, worker availability, applicable requirements and client approval.
